

PLAN CLASSES FOR TUBERCULAR PUPILS

Board of Education Authorizes Preparation of Quarters for Patients.

Children of the District afflicted with tuberculosis will be given an equal opportunity with other children to enjoy the benefits of an education.

A resolution was adopted at the weekly meeting of the Board of Education yesterday authorizing the superintendent of the city schools to select and prepare quarters for two classes of tuberculous children, white and colored.

Teachers for these children will be selected from the present teaching staff or additional appointments may be made if necessary. The resolution provides that \$2,000 be asked of the District Commissioners to prepare plans for permanent school buildings for children afflicted with the white plague.

The resolution also asks the public to contribute funds for wraps, food and transportation.

The New Method.

(By L. W. BOWER, M. D.)

Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things.

The latest and most effective means of overcoming this trouble, is to eat sparingly of meat, drink plenty of water between meals and take a single Anuric tablet before each meal for a while.

Simply ask your favorite druggist for Anuric if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin immediately this treatment with Anuric. Most scientists and medical men believe that because of an overabundance of uric acid in the system, uric salts are deposited in the tissues and cause rheumatism and gout.

The physicians and specialists at Dr. Pierce's Institution in Buffalo, N. Y., have thoroughly tested Anuric and have seen with one accord successful in eradicating and throwing off from the system the uric acid which accumulates and poisons.

Patients having once used Anuric at the institution have repeatedly sent back for more. Such a demand has been created that Doctor Pierce decided to put Anuric in the drug stores of this country, in a ready-to-use form. It will be their own fault if they suffer from uric acid troubles do not take advantage of this wonderful remedy.
